Proceedings of the Durbar of Mysore

Fo 885-2 95-5-84 Order.
4

The reorganization of the Medical Establishments in the Province has been under the consideration of His Highness the Maharajah's Government since the Rendition. At that time, a complete and immediate reorganization was contemplated, but in recognition of the inconvenience to the parties which would be caused by the removal of a number of the medical Subordinates to the Madras Government without previous notice, the

CRM
30/4/84

the Resident was of opinion that the proposed reorganisation might be deferred for another year. He accordingly intimated to the Madras Government in a letter dated 31st March 1881, that on the Expiration of the official year 1881-82, it would be necessary for the Madras Medical Subordinates employed in Mysore, Except such as might elect for the local Medical Service, to revert to Madras. On 4th May 1881, the Madras Government asked for a list of those Medical Subordinates who might Elect

elect the Local Service of the Mysore Government. No steps have since been taken in this direction, and the question of contribution required to be paid to the British Government on account of the Leave allowances and the Pensions of the concerned officials is pressing for early decision. There must, under these circumstances, be no further delay in deciding upon a suitable scheme for the Local Medical Service.

2. His Highness' Government have given to this subject their very careful consideration, and they are of opinion that a Medical Service composed chiefly of duly qualified

qualified Natives is the
one best suited for the
requirements of a Province
like Mysore -

3. The Services of the
three Covenanted Medical
Officers of the British Service,
now serving in Mysore
have been retained till
the 31st March 1886. After
that date, it will probably
be advisable for the Mysore
Government to have two
European officers with high
professional qualifications.
One of them must be a
Covenanted Medical officer
of high standing in the Service
and he should be the head
of the Local Medical
department and the Chief
Medical adviser to His
Highness' Government,
besides having charge of
all

all the medical institutions and duties at Bangalore. The other may be either a Junior Covenanted Medical officer, or a European carefully selected from the profession in England, and he should have charge of all Medical duties at Mysore.

4. Besides these two officers, two Surgeons of local rank will be required, one for the charge of the Kadur District to be stationed at Chickmagalur, and the other for charge of the Shimoga District to be stationed at Shimoga. Of the two officers thus required one (Mr Lincoln) is already in the Mysore Service, but is now stationed at Hassan. He should be transferred as

as soon as possible to Chickmagalur and placed in charge of the Kudur District. Another Honorary Surgeon of local rank is required for Shimoga.

5. Surgeons of the Local Service will be appointed always by selection and if possible from the local Assistant Surgeons. Local Surgeons will be of three grades, viz:-

3d Grade on Rs 350.
2d Grade on — 450.
1st Grade on — 500.

to rise from one grade to the next higher after 5 years' approved service.

The Salaries above specified will be regarded as full remuneration for all

Medical

Medical and other charges entrusted to them.

page 2

6. The next grade will be that of Assistant Surgeons. The requirements of the Province for Officers of this grade are as follows:—

Bangalore

2. For Hospital and Maternity.
1 for Stores and Asylums
1 for Military and Railway
1 for Head Quarters Establishments and General duty.

5.

Mysore

1 for General Hospital.
1 for Female Hospital and Palace Establishments.

2.

Hassan
Kolar
Tumkur
Chital Drug
} one at each place

4.

Medical School

2. Head Master and Assistant

Total 13

7. The scale of pay for officers of the Local Medical Service must necessarily be somewhat similar to that prevails in the neighbouring Presidencies of Madras and Bombay. Assistant Surgeons of the Local Service will therefore be of three grades as follows-

I. 3d Class Assistant Surgeons on Rs 100 per mensem, to rise to the 2d grade after an approved Service varying from 5 to 7 years according to Educational attainments.

II. 2d Class Assistant Surgeons on 150 Rs per mensem, to rise to the 1st grade after an approved Service of 7 years.

III. 1st Class Assistant Surgeons

Surgeons on Rs 200 per mensem.

8. In addition to the salary above specified every Assistant Surgeon will be given a fixed monthly allowance of Rs 50/- for Medical charge of a Station or Hospital and for all Medical duties which may be required of him.

9. Ordinarily, all persons entering the Local Medical Service must begin as 3d class Assistant Surgeons. There ought to be no Exception to this rule Except in the case of persons who, having acquired professional Experience elsewhere, may newly

newly take Service in the Provinces.

10. All persons to be appointed to the grade of Assistant Surgeons must have passed the Madras M. B. Examination, or the L. M. S Examination of Bombay or Madras.

11. The period at the end of which an Assistant Surgeon of the 3d Grade will be qualified for promotion to the 2d Grade will be in the case of a Madras M.B. 5 years, and in the case of an L. M. S, 7 years.

12. For the immediate work of Hospitals, Dispensaries, Camps &c&c, the local Service of Hospital Assistants will be continued as at

at present. Any Official of this rank, who may give proof of superior ability and professional aptitude, may, after 7 years approved service, be permitted to study and to pass for higher qualifications, under special arrangements as to a portion of his pay being drawn by him during the time required for study. Upon passing the necessary examination he will be eligible for promotion to the grade of Assistant Surgeons.

13. The rules regarding conditions of service, gratuities, pensions and leave applicable to the officers of the local Medical Service will be the same as those which apply to other officers of the Mysore Public Service.

14. Exclusive of the Medical officers employed in

in the Civil and Military Station, (whose names should be removed from the Mysore list as their salaries and allowances will be paid out of the Station Revenues) there are now under the direct Service of the Mysore Government five Apothecaries and five 1st Class Assistant Apothecaries, all belonging to the Madras Medical Service. There are three 1st Class Hospital Assistants also belonging to the Madras Service; but of these three, Appasami Pillay has been reported by a Medical Board to be unfit for Service, and he will accordingly retire immediately. The Mysore Government are willing to retain the Services of the other two, namely Mr. Arokeum Pillay and

Mr.

Mr. Jeerasawmy Garu, till 31st March 1886. If within that time they pass a departmental Examination in the Subjects prescribed for the Madras L. M. S Examination, they will be permanently appointed as Assistant Surgeons of the 3d Grade. In the meantime, they will draw an allowance of Rs 50/- in addition to their Substantive pay and must pay the contributions required for securing them a British Pension.

15. Besides these Officers who belong to the Madras Service, the Mysore Government has now in its service a Civil Surgeon

on

on Rs 450/p, a Head Master of the Medical School on Rs 200/p and an Assistant Apothecary on Rs 100[x] - All these officers belong to the local service.

16. It will be seen from para 4 above that besides Mr Lincoln, the Mysore Government requires only one other officer of similar rank. Mr Sansman, who is the Senior among the Madras Apothecaries in Mysore and who has given proof of his possessing qualifications required for an independent charge, will therefore be offered the appointment of Honorary Surgeon on a monthly

[x] plus Rs 20 House allowance and Rs 30 charge allowance

Should this not come in the body after the figure 100 please

Print as it is please

monthly salary of Rs 350/-,
as remuneration for all
duties which may be required
of him. If Mr. Sansman
accepts this appointment,
he must pay the prescribed
contribution to entitle
him to a British pension.
The Mysore Government
will pay his leave allow-
:ances, if no contribution
on that account is
required from him by the
British Government.
Mr. Sansman should
be placed in charge of the
Shimoga District as soon
as possible.

17. Mr. Hall is also
a 1st Class Apothecary
of Standing and qualifica-
:tion, whose services

His

Hall
Hall
Corrected

His Highness' Government would like to retain, but there may be no appointment available for him. His name will therefore be entered in the list of Warrant Officers to be returned to Madras on 31st March 1886. The Mysore Government will pay the required Contribution for his pension and leave allowances till that date, and if before that, an opportunity occurs, they will also offer him an appointment in the Local Service, similar to that now offered to Mr. Sansman.

18. The other Warrant Officers of Madras have to

be

be returned to Madras. This should, however, be effected gradually, so as to avoid all possible inconvenience to the Madras Government: As they return to Madras, their places will be taken up by Assistant Surgeons appointed to the Local Service, in accordance with the foregoing scheme. The Resident will accordingly be requested to move the Madras Government to arrange to take back the following Warrant Officers and Hospital Assistants on or before the dates specified opposite to their

their names:

1st Class Apothecary Mr. Wright 2d Class - do ___ do Mr. Watts 2d Class do ___ do Mr. Oliver	}	31st October 1884

page 4

1st Class Assistant Apothecary Mr. Hellein 1st class do do Mr. McFarland 1st class do - do Mr. Smith	}	31st March 1885.
1st class Apothecary Mr. Hall 1st class assistant apothecary Mr. Pritchard 1st class - do - do Mr. Costello 1st class Hospital Assistant Mr. Arokeum Pillay 1st class. do - do Mr. Jeevasagayam	}	31st March 1886.

19. On account of the Apothecaries and Assistant apothecaries named in the foregoing list, the Mysore Government will pay, till the dates specified opposite their names, the contribution required to secure them British Pensions.

Their

Their leave allowances will be paid by Mysore and no contribution on this account is therefore required.

2o. It must be noted that the Madras Government was requested more than two years ago to take back the three Officers, who, it is now proposed, should revert to Madras on 31st October 1884; and it is therefore believed that their return to Madras at 6 months' notice will cause no inconvenience. In anticipation of the return of these Officers to Madras, Mr. P. S. Atchuta Row, a Mysore Student who has passed the Bombay L.M.S Examination

Examination, is appoint-
ed Assistant Surgeon
of the 3d grade from 1st April 1884.

The Senior [illegible]
Surgeon to the Mysore
Government will be
requested to advertise
for two other Candidates
for the grade of Assistant
Surgeons possessing the
qualifications noted
in the foregoing scheme.
Their class and pay can
only be fixed according
to their qualifications
and standing in the pro-
fession.

21. Mr. Choksi was
appointed on his present
pay of Rs 200/- in November
1880, and he says that he
then had a distinct
assurance from the
Chief Commissioner, as well
as

[illegible] matter will
be communicated to the
[illegible] this memorial
being [illegible] in type

as from Mr. Rungachariar,
then Revenue Secretary,
that he would get an
increase of pay at the
end of two years. The
Diwan has been unable
to find any record of such
an assurance either
in the Medical or the
Educational Depart:
:ment, but from what
is within his own person:
:al knowledge and that
of the officers whom
he has consulted, the Diwan
has no hesitation in
believing that he was
encouraged to expect
an advancement after
some service in Mysore.
In March last year
Mr. Choksi would have
received

received this promotion,
but he made that impossible
then by his own ~~conduct~~ opinion to furnish ~~information~~ a statement he was called upon to make.
It is however not necessary
to withhold the promotion
from him any longer, and
therefore he will be appointed
an Assistant Surgeon
of the 1st grade on Rs 250/- * with effect as regards
~~Emoluments~~ ~~Salary~~ from 1st April 1883.

* Pay Rs. 200
allowance — 50
Total Rs 250

22. It is necessary
at present to maintain
the local Medical School
for the purpose of training
Hospital Assistants for
the local service. The School
must, in order to be of
any use, be attached to
some Hospital and
Mr. Choksi should be
given an Assistant of
the

the rank of Assistant Surgeon of the last grade. The management of the School should be under the orders of the Medical Officer in charge of the Hospital. The School will accordingly be transferred to Mysore and placed under the general management of the Commissioned Medical Officer there. The Senior Surgeon to the Mysore Government will be requested to arrange in communication with the Secretary, Educational Department, for the transfer of the School to Mysore at

at an early date.

No. 885-7—4, DATED 5TH MAY 1884.

ORDER.—The re-organization of the Medical establishments, in the Province has been under the consideration of His Highness the Maharaja's Government since the Rendition. At that time, a complete and immediate re-organization was contemplated, but in recognition of the inconvenience to all parties which would be caused by the reversion of a number of Medical subordinates to the Madras Government without previous notice, the Resident was of opinion that the proposed re-organization might be deferred for another year. He accordingly intimated to the Madras Government in a letter dated 31st March 1881, that, on the expiration of the official year 1881-82, it would be necessary for the Madras Medical subordinates employed in Mysore, except such as might elect for the local medical service, to revert to Madras. On 4th May 1881, the Madras Government asked for a list of those Medical subordinates who might elect the local service of the Mysore Government. No steps have since been taken in this direction, and the question of contribution required to be paid to the British Government on account of the leave allowances and the pensions of the officials concerned is pressing for early decision. There must, under these circumstances, be no further delay in deciding upon a suitable scheme for the local medical service.

2. His Highness' Government have given to this subject their very careful consideration, and they are of opinion that a medical service composed chiefly of duly qualified Natives is the one best suited for the requirements of a Province like Mysore.

3. The services of the three Covenanted Medical officers of the British service, now serving in Mysore, have been retained till the 31st March 1886. After that date, it will probably be advisable for the Mysore Government to have two European officers with high professional qualifications. One of them must be a Covenanted Medical officer of high standing in the service and he should be the head of the local Medical Department and the chief medical adviser to His Highness' Government, besides having charge of all Medical institutions and duties at Bangalore. The other may be either a junior Covenanted Medical officer, or a European carefully selected from the profession in England, and he should have charge of all medical duties at Mysore.

4. Besides these two officers, two Surgeons of local rank will be required, one for the charge of the Kadur District to be stationed at Chikmagalur, and the other for charge of the Shimoga District to be stationed at Shimoga. Of the two officers this required, one (Mr. Lincoln) is already in the Mysore service, but is now stationed at Hassan. He should be transferred as soon as possible to Chikmagalur and placed in charge of the Kadur District. Another Honorary Surgeon of local rank is required for Shimoga.

5. Surgeons of the local service will be appointed always by selection and if possible from the local Assistant Surgeons. Local Surgeons will be of three grades, *viz*:—

3rd grade on	...	...	...	...	Rs. 350
2nd grade on	...	...	...	...	„ 450
1st grade on	...	...	...	...	„ 500

to rise from one grade to the next higher after five years' approved service. The salaries above specified will be regarded as full remuneration for all medical and other charges entrusted to them.

6. The next grade will be that of Assistant Surgeons. The requirements of the Province for officers of this grade are as follows:—

Bangalore—

2	For Hospital and Maternity.
1	For Stores and Asylums.
1	For Military and Railway.
1	For Head-quarters establishments and General duty.
5	

Mysore—

1	For General Hospital.
1	For Female Hospital and Palace establishments.
2	

Hassan	...	...	one at each place.
Kolar	...	...	
Tumkur	...	...	
Chitaldrug	...	...	
4			

Medical School—

2 Head Master and Assistant.

Total... 13

7. The scale of pay for officers of the local medical service must necessarily be somewhat similar to what prevails in the neighbouring Presidencies of Madras and Bombay. Assistant Surgeons of the local service will therefore be of three grades as follows:—

I. 3rd class Assistant Surgeons on Rs. 100 per mensem, to rise to the 2nd grade *after an approved service* varying from five to seven years according to educational attainments.

II. 2nd class Assistant Surgeons on Rs. 150 per mensem, to rise to the 1st grade after an approved service of seven years.

III. 1st class Assistant Surgeons on Rs. 200 per mensem.

8. In addition to the salary above specified, every Assistant Surgeon will be given a fixed monthly allowance of Rs. 50 for medical charge of a station or hospital and for all medical duties which may be required of him.

9. Ordinarily, all persons entering the local medical service must begin as 3rd class Assistant Surgeons. There ought to be no exception to this rule except in the case of persons who, having acquired professional experience elsewhere, may newly take service in the Province.

10. All persons to be appointed to the grade of Assistant Surgeons must have passed the Madras M. B. examination, or the L. M. S. examination of Bombay or Madras.

11. The period at the end of which an Assistant Surgeon of the 3rd grade will be qualified for promotion to the 2nd grade will be in the case of a Madras M. B. five years, and in the case of an L. M. S. seven years.

12. For the immediate work of hospitals, dispensaries, camps, &c., the local service of Hospital Assistants will be continued as at present. Any official of this rank, who may give proof of superior ability and professional aptitude, may after seven years' approved service, be permitted to study and to pass for higher qualifications, under special arrangements as to a portion of his pay being drawn by him during the time required for study. Upon passing the necessary examination he will be eligible for promotion to the grade of Assistant Surgeons.

13. The rules regarding conditions of service, gratuities, pensions and leave applicable to the officers of the local medical service will be the same as those which apply to other officers of the Mysore public service.

14. Exclusive of the medical officers employed in the Civil and Military Station (whose names should be removed from the Mysore list as their salaries and allowances will be paid out of the Station revenues), there are now under the direct service of the Mysore Government five Apothecaries and five 1st class Assistant Apothecaries, all belonging to the Madras medical service. There are three 1st class Hospital Assistants also belonging to the Madras service; but of these three, Appasami Pille has been reported by a Medical Board to be unfit for service, and he will accordingly retire immediately. The Mysore Government are willing to retain the services of the other two, namely Mr. Arogyam Pille and Mr. Jirasamigaru, till 31st March 1886. If within that time they pass a departmental examination in the subjects prescribed for the Madras L. M. S. examination, they will be permanently appointed as Assistant Surgeons of the 3rd grade. In the meantime, they will draw an allowance of Rs. 50 in addition to their substantive pay and must pay the contribution required for securing them a British pension.

15. Besides these officers who belong to the Madras service, the Mysore Government has now in its service a Civil Surgeon on Rs. 450, a Head Master of the Medical School on Rs. 200, and an Assistant Apothecary on Rs. 100.* All these officers belong to the local service.

* Plus Rs. 20 house allowance and Rs. 30 charge allowance.

16. It will be seen from para 4 above that besides Mr. Lincoln, the Mysore Government requires only one other officer of similar rank. Mr. Sausman, who is the senior among the Madras Apothecaries in Mysore and who has given proof of his possessing qualifications required for an independent charge, will therefore be offered the appointment of Honorary Surgeon on a monthly salary of Rs. 350 as remuneration for all duties which may be required of him. If Mr. Sausman accepts this appointment, he must pay the prescribed contribution to entitle him to a British pension. The Mysore Government will pay his leave allowances, if no contribution on that account is required from him by the British Government. Mr. Sausman should be placed in charge of the Shimoga District as soon as possible.

17. Mr. Hall is also a 1st class Apothecary of standing and qualification, whose services His Highness' Government would like to retain, but there may be no appointment available for him. His name will therefore be entered in the list of Warrant officers to be returned to Madras on 31st March 1886. The Mysore Government will pay the required contribution for his pension and leave allowances till that date, and if before that an opportunity occurs, they will also offer him an appointment in the local service, similar to that now offered to Mr. Sausman.

18. The other Warrant officers of Madras have to be returned to Madras. This should, however, be effected gradually, so as to avoid all possible inconvenience to the Madras Government. As they return to Madras, their places will be taken up by Assistant Surgeons appointed to the local service, in accordance with the foregoing scheme. The Resident will accordingly be requested to move the Madras Government to arrange to take back the following Warrant officers and Hospital Assistants on or before the dates specified opposite to their names:—

1st class	Apothecary	Mr. Wright	...	31st October 1884.
2nd class	do	Mr. Watts	...	
2nd class	do	Mr. Oliver	...	

1st class Assistant Apothecary	Mr. Hellein	...	31st March 1885.
1st class do do	Mr. McFarland	...	
1st class do do	Mr. Smith	...	
1st class Apothecary	Mr. Hall	...	31st March 1886.
1st class Assistant Apothecary	Mr. Pritchard	...	
1st class do do	Mr. Costello	...	
1st class Hospital Assistant	Mr. Arogyam Pille	...	
1st class do do	Mr. Jirasamigaru	...	

19. On account of the Apothecaries and Assistant Apothecaries named in the foregoing list, the Mysore Government will pay, till the dates specified opposite their names, the contribution required to secure them British pensions. Their leave allowances will be paid by Mysore and no contribution on this account is therefore required.

20. It must be noted that the Madras Government was requested more than two years ago to take back the three officers, who, it is now proposed, should revert to Madras on 31st October 1884; and it is therefore believed that their return to Madras at six months' notice will cause no inconvenience. In anticipation of the return of these officers to Madras, Mr. P. S. Atchyuta Rao, a Mysore student who has passed the Bombay L. M. S. examination, is appointed Assistant Surgeon of the 3rd grade from 1st April 1884.

The Senior Surgeon to the Mysore Government will be requested to advertize for two other candidates for the grade of Assistant Surgeons possessing the qualifications noted in the foregoing scheme. Their class and pay can only be fixed according to their qualifications and standing in the profession.

21. Mr. Choksi was appointed on his present pay of Rs. 200 in November 1880, and he says that he then had a distinct assurance from the Chief Commissioner, as well as from Mr. Rangacharlu, then Revenue Secretary, that he would get an increase of pay at the end of two years. The Dewan has been unable to find any record of such an assurance either in the Medical or the Educational Department, but from what is within his own personal knowledge and that of the officers whom he has consulted, the Dewan has no hesitation in believing that he was encouraged to expect an advancement after some service in Mysore. In March last year Mr. Choksi would have received this promotion, but he made that impossible then by his own omission to furnish a statement he was called upon to make. It is however not necessary to withhold the promotion from him any longer, and therefore he will be appointed an Assistant Surgeon of the 1st grade on Rs. *250 with effect as regards emoluments from 1st April 1883.

* Pay	... Rs.	200
Allowance	... ,,	50

(+) Recording the transfer of Asst Apothecary Mr Costello to Bowring Hospital Bangalore

No. 1094
179

Office of the Resident in Mysore
Bangalore, 18 August 1884.

To,

(2)

The Dewan of
Mysore.

Sir,

With reference to your letter
C No. 6 dated 30th April 1884, I am directed to
inform you that the Chief Secretary to the
Madras Government has intimated that that
Government will arrange for the revision of
the Medical Subordinates named in the margin
as proposed by the Durbar,
notwithstanding the inconvenience
which must necessarily
follow their retransfer. The
Madras Surgeon General
however has informed the
Resident that he will not
be able to employ these Medical subordinates
as he has already a large number of super-
-numeraries on his hands. Mr. Lyall is therefore
anxious to do all he can to assist the Madras
Government in disposing of these men.

1st	Class Apothecary		Wright
2d	do	do	Watts.
2d	do	do	Oliver.
2d	Class Apoth.	do	Kellein
1st	do	do	McFarland.
1st	do	do	Smith
1st	do	do	Hall.
1st	do	do	Pritchard.
1st	do	do	Costello.
1st	do Hospl.	Assistant	Strokemm
1st	do	do	Pillay.
			Jeracamy
			Pandi.

2. As some changes are shortly to
be made in the Medical Staff of the Bowring
Civil Hospital, the Resident has asked the

Residency Surgeon whether he cannot take one of the Madras Apothecaries serving in Mysore, and has been told in reply that the Municipality will be glad to take Assistant Apothecary Costello now at Mysore, provided the Durbar will take into their service 1st Class Hospital Assistant Bommasamy Pillay now doing duty at the Bowring. This Hospital Assistant has himself applied to be retransferred to Mysore Service, and his application was sent to you with my letter No. 656/87 dated 10th June 1884; it is believed that Bommasamy Pillay is anxious to revert to Mysore service even on slightly reduced pay.

3. As Mr Costello is one of the subordinates named to be sent back to Madras, (though not immediately) the Resident will be obliged if the Durbar will consent to the above arrangement being made. It cannot however be carried out until the scheme for the reorganization of the Bowring Civil Hospital has been approved by the Government of India.

I have the honor to be,
Sir,
Your most obedient Servant
A Malcolm
Agt to the Resident.

J.D.-
